Chapter 2 Section 2 - Two Column Notes: The Sun

The Sun's Interior

nuclear fusion:

core:

Guide For Reading

How does the sun get its energy? Explain.

The Sun's Atmosphere

Guide For Reading

What are the layers of the sun's atmosphere?

- _____
- _____
- _____

photosphere:

Chromosphere:

corona:

Figure 7 **Inferring**
Why is it easiest to photograph the sun's outer layers during a solar eclipse?

solar wind:

Features on the Sun

sunspot:

prominence:

solar flare:

Figure 9 **Relating Cause and Effect**
How can solar flares affect communications on Earth?

How are sunspots, prominences and solar flares related?
